INTRODUCTION

In today's ever changing investment environment, it is a constant challenge to keep your money safe, while maintaining a high return. Traditional investments that offer safety, typically have low returns. Conventional high return investments create the potential for total loss of principal.

Oxford Global Advisors takes a proactive role to provide cutting edge money management. We understand that you need to invest your funds to offset inflation and produce a real rate of return. Not available from any other investment firm in the marketplace, we are offering the opportunity to join Oxford Global Advisors in owning the Federal Funds Income Advantage program.

The Federal Funds Income Advantage can be your key to building greater income. This product is structured to provide you with consistent and predictable income and the safety of principal you desire.

The global resources of Oxford Global Advisors creates this timely investment opportunity for you. Unique technological capabilities coupled with strategic European Banking alliances make this product possible.

OUR MISSION

To provide today's investor with the same strategies available to institutions, pension funds, and the very wealthiest. To make available products that are not being offered by current conventional retail advisors.

OUR GOAL

To structure genuine wealth preservation investment vehicles, that employ low to no risk of capital strategies. At the same time significantly outperforming comparable investment products.

HOW IT WORKS

Federal Funds Income Advantage

The program is designed to be used as a high yield income or growth vehicle that has zero fluctuation of principal.

Fully researched and proven investment safety

Imagine a strategy in which capital market investment opportunities are combined with the safety net of principal protection. This unique assembly of investment risk and investment safety is now available through the Federal Funds Income Advantage Program. Your principle is fully hedged by our liquidity providers (as listed on page 5) and affiliate banks.

Here is how it works

The funds are invested in a cross currency pair, utilizing the major G-5 countries. (ie. US Dollar, Japanese Yen, Swiss Franc, British Pound and the Euro) The strategy employs taking advantage of the interest rate difference that is being set by each Central Bank. The highest yielding currency is held long versus the lowest yielding currency being held short. The utilization of both our exclusive technology and unparalleled banking relationships negate all currency risks. The US Fed Funds rate is currently at 5.25%, the interest rate at the Central Bank of Japan is .25%. The interest rate differential is a net of 5%. The strategy employs leverage of 2.7 times the original deposit. Simply stated, 2.7 times the 5% yield equals 13.5%. Of this amount, 12% is earned by the client. The balance of 1.5% consists of all related fees and expenses needed to accomplish this objective for you, the client.

| | |
|--------------------|------------------|
| Long Dollar | Short Yen |

| +5.25% | -.25% |

**Credit = 5% x 2.7 Leverage
= 13.5% Gross Interest**

Less 1.5% Expenses

annualized rate of 12%.**

Client agrees not to solicit or contact said Banks, Custodians or Clearinghouses that the Company may engage in to custody funds or broker currency or investment transactions. Violation of this clause calls for immediate termination of said client account which may or may not give Client best price execution. Further, Client agrees that said trading and management methodologies are proprietary to "Advisor" and client agrees to keep such trade secrets private and confidential.

d. Acknowledgement of Co-mingling of Currencies and Account Ownership

The Customer acknowledges and authorizes that Customer's Currencies will be held in various accounts at major international banks in the Company's name, and in major FCM Currency Dealer/Broker accounts, and agrees and authorizes that Customer's Currencies shall be co-mingled with other of the Company's Customer's Currencies. The Customer is the beneficial owner or "beneficiary" of their percent of the company account. Customer funds are segregated from the general assets of the Company and the pass-thru Bank. The Customer and the Company hereby agree, however, that the Customer's Currencies to be placed in such accounts will be held therein by the Company on behalf of the Customer and subject to the terms of this Agreement in all respects. Further, Company and any nominated currency exchangers contracted by Company shall have no right to deplete or withdraw Customers currencies at any time for any purpose other than exchanging currencies pursuant to the guidelines defined herein.

4 PERMITTED CURRENCY POSITIONS

As used herein, "Permitted Currency Positions or Commitments" means the placement of contributed capital by the Customer with the Company, to be held in the Accounts as described hereinabove for use as capital in the Company's name, for the purpose of exchanging such capital for various currencies for gain. Company shall take currency positions within the following guidelines:

- a. Leverage shall range from: 1:1 (one to one) to 10:1 (ten to one), with appropriate Stops set so that no single transaction shall risk more than 2% of the Customer's balance, and all combined open transactions at any one time shall not risk more than 20% of Customer's balance. 95% of account balance will be used at the 1:1 and 2:1

leverage range, with the remaining 5% used in the range of 3:1 to 10:1; and.

- b. Currencies shall be: US Dollar, Canadian Dollar, Australian Dollar, New Zealand Dollar, Euro Dollar, Swiss Franc, Japanese Yen, and the Great Britain Pound.
- c. In the event that there ever is a loss of 20% of the principal balance in Company's direct or indirect, currency account held on behalf of Customer, all transactions shall cease, and no further currency exchanging shall be done unless and until Customer so instructs in writing. Notwithstanding the preceding sentence, it is remotely possible that circumstances caused by stop loss slippage due to automated operating system error could result in a loss that exceeds 20%. Customer understands this to be a risk associated with a system or electronic error and not a human error, and Customer agrees to bear such risk.

5 INELIGIBLE CURRENCY POSITIONS

Permitted Currency Positions shall not include:

- a. Any currency not listed in 4. b. above.
- b. Any open currency position(s) that results in a loss of more than 20% of the Customers currency account balance.
- c. Any currency futures or currency options.

6 DUTIES OF COMPANY

Company will have the following duties hereunder:

- a. Company shall provide the Customer with a quarterly statement.
- b. Company is responsible for reviewing all notifications from contracted exchangers with respect to transactions involving the currency account, and dealing with any errors, delays or other administrative matters.
- c. Company will act as an exchange agent for the Customer with respect to the Customer's interest in the Currency transactions. Company will have no right to withdraw, and shall not withdraw, any of the Currencies belonging to Customer, except pursuant to the terms of this Agreement.
- d. Other than the restricted currency transaction use defined herein, Company shall not hypothecate, borrow against, lien, or in any way encumber the Customer's Currencies. In that regard, the Company does not hold any equitable or beneficial interest in the Customer's Currencies.

7 TAXES

If any, the Customer shall be liable for all taxes, assessments, duties and other governmental charges, including any interest or penalty with respect to any cash, or Currencies, held on behalf of the Customer in the Currency accounts, or any transaction related thereto. In addition, the Customer agrees to indemnify the

Company for the amount of any tax that the Company or any other withholding agent is required, under applicable laws (whether by assessment or otherwise), to pay on behalf of, or in respect of income earned by or payments or distributions made to or for the account of the Customer (including any payment of tax required by reason of an earlier failure to withhold). In the event that the Company is required under applicable law to pay any tax on behalf of the Customer, the Company shall promptly notify the Customer of the additional amount of cash required, and the Customer shall directly pay such additional amount to the Company promptly after receipt of such notice. Should the Customer fail to promptly pay such additional amount, the Company may deduct such additional amount from Customer's account(s).

8 RISK OF LOSS

Customer acknowledges that Commitments to exchange, or subsequently trade currencies involves a risk of loss to Customer. Company does not guarantee that Customer will realize a gain or not realize a loss on such transactions made on Customer's behalf by Company. In addition, Customer acknowledges that the anticipated gain to Customer is strictly on a "Best Efforts Basis". Customer specifically agrees that Company will not be liable for any such loss realized by Customer if Company has acted in good faith and within the authority granted under this Agreement.

In addition to the Customer's acknowledgement that the gain to Customer on exchanged Currencies is strictly on a "Best Efforts Basis", the Customer also acknowledges and agrees that Currencies received from the Customer by the Company may not be immediately employed by the Company. Owing to the nature of the commitments by Company for the employment of Customer Currencies, Customer agrees and understands that a reasonable period of time (usually within 7-10 business days) is required in order for the Company to initiate and utilize Customer Currencies in exchange transactions. However, if at any time the Customer's Currencies remain unutilized and without any gains for a period exceeding a calendar month, upon the Customer's written request, the Company will waive the normal 30 day notification requirements for withdrawal of Currencies and will immediately return the Currencies directly to Customer, as directed in writing by Customer.

9 TAX CONSEQUENCES

Customer may incur income tax liability in Customer's nation of citizenship or residence when Company realizes gains on Customer's behalf. Company will not provide tax advice to Customer. Customer's tax status and compliance therewith is the sole responsibility of Customer. Company shall not be responsible for reporting Customer's gains to any third party. Reporting of any gains to any taxing authority of legal and competent jurisdiction over Customer shall be the sole responsibility of Customer.

10 TRANSACTION OR OTHER FEES

All transaction fees (if any) charged by others, not named as a party hereto, for Customer authorized actions taken on Customer's behalf, separate from Company's exchange fee, will be paid directly by Customer and not by Company. Customer agrees and acknowledges that such fees will be in addition to Company's fee described in Section 2 of this Agreement.

11 NON-SOLICITATION

The Customer has approached and engaged the Company to exchange the Customer's Currencies as described herein without any solicitation by Company, and the Customer's Currencies will be administered and exchanged by Company and Company's nominees, as defined herein. Customer acknowledges that it is their responsibility to be aware of the applicable laws and regulations of their country, and/or their jurisdiction of residence. Customer agrees that this Agreement does not constitute an offer or solicitation to sell shares or securities of any description to Customer in any way, nor to exchange Currencies for a Customer who resides in such jurisdiction where such activities would be unlawful.

12 TERMINATION

Customer and Company may terminate this Agreement at any time by providing 30 days written notice to the other party. However, for purposes of proper administration of the Company's total Commitment pool of open currency positions, Company acknowledges receipt of 'Notice of Intent to Withdraw Funds' ONLY on or before the 15th day of each calendar month. Notices received after the 15th day of each calendar month will become effective the following month on the 15th day of that month respectively; whereby the 30 day time period will thus begin. Notices to withdraw funds received on or before the 15th calendar day of any given month will become effective on the 15th day of same; whereby the 30 day time period will thus begin. Under strict interpretation of the above referenced time period, Company guarantees that Customer exchanged Currencies shall be returned to Customer within 30 days from the effective date that such notice is received, provided that a minimum of thirty seven (37) days has transpired from the date that the currencies were first deposited into the Currency account(s). Company may return the Currencies, and any cash credited or due to the Customer's accounts, directly to the Customer, at the Customer's direction, pursuant to the provision hereof.

13 REPRESENTATIONS OF COMPANY

Company represents as follows:

- a. Company is acting hereunder solely as an Agent and Exchanger for the Customer and as the exchanger of the Currency account. The Currencies held in the Currency account, as well as any amounts credited to that Account from the contracted exchangers, are not and will never be assets of Company. Company will not hold any equitable

- or beneficial title or interest in the Currencies from those gains, except for any due and unpaid fees to the Company.
- b. Company is not a broker-dealer, as such term is utilized and contemplated in either the United States, Great Britain, or the European Economic Union and will conduct its business as a currency exchanger, only for its Customers, and shall not perform any actions that shall cause it to become a broker-dealer under any such law.
 - c. Company in no way is the "market-maker" or counter-party to any transaction.

14 NOTICES

Written notice required or permitted under this Agreement will be considered given when hand delivered, or three business days after such notice has been sent by first class certified mail, or by overnight mail or other overnight document delivery, to the other party at the address set forth opposite Customer signature, and as shown on this document for the Company, or at such other address of which Customer or Company shall have been notified by the other party from time to time in writing. Any notice, demand or other communication that a Customer may be required, or may elect, to give to the Company, must be in writing and must actually be received by the Company before it becomes effective.

15 BASIS OF INFORMATION AND EXCHANGEABLE ACTIONS

The Customer acknowledges that Company obtains a wide variety of available information from numerous sources, and the recommendations, advice or business actions developed or carried out by the Company are based upon the professional judgment of the Company, its employees, representatives, exchangers and agents. The Customer acknowledges that the Company is fully liable under applicable laws and jurisdictions for representation and guarantees for any currency exchange transactions.

16 LEGAL AND ACCOUNTING SERVICES

It is understood and agreed that Company and its employees are not qualified to, and will not render, any legal, tax or accounting advice, nor prepare any legal, tax or accounting documents for use in connection with the Customer's financial, investment, or estate plans.

17 NO ASSIGNMENT

Neither party may assign, convey nor otherwise transfer any of its rights, obligations or interests herein without the prior written consent of the other party. Subject to the provisions regarding assignment, this Agreement shall be binding on the heirs, executors, administrators, legal representatives, successors, and assigns of the respective parties.

18 CUSTODY OF CURRENCIES

The Customer and Company acknowledge that Company shall hold all currencies in accounts directly in Company's name, or indirectly as beneficiary of accounts, with contracted currency transaction fiduciaries that are registered and regulated. Some of these banks may include, but are not limited to Union Bank of Switzerland, Deutsche Bank, JP Morgan, United Arabs Bank and Saxo Bank.

19 ARBITRATION

If any dispute arises between the parties regarding their duties under this Agreement or the interpretation of any provision of this Agreement, such matter will be resolved by arbitration under Swiss and U.S. law. The decision rendered in any such arbitration shall be binding upon the parties, final and not subject to appeal and may be entered in any court having jurisdiction thereof. All fees and expenses of arbitration (except for attorney's fees and expenses) shall be shared equally by the parties. Each party shall bear his own attorney's fees and expenses.

20 SEVERABILITY

If any provision of this Agreement is held to be invalid, the remainder of this Agreement will be given effect to the fullest extent permitted by law.

21 ENTIRE AGREEMENT

This Agreement contains the entire understanding by and between Customer and Company with respect to the matters described herein.
